Education

KK NAU, Ukraine — *Electronics, Associate's*
Graduation: 2019

KK NAU, Ukraine — *Computer Engineering, Bachelor's*
Graduation: 2021

ETC..

- Fulfilled the most by creative work, unobvious problems and unique solutions.

- Wide skillset and a passion for further horizontal growth.

- Good people skills. Best at working in a fast-paced, communication-heavy environment.

- Proficient in electronics and hardware (university, commercial and hobby background).

- Purely hobbyist abilities in security CTFs and penetration testing (web, binary).

- Had experience of managing and mentoring a number of intern-level engineers.

- Quick learner, flexible and open-minded about technologies, development practices and social settings.
